To Whom It May Concern,

Hello,

We are the Parents For A Car Free West Granite Creek Park (WGCP). We value the park as part of our community's riparian open space, trail system and wildlife corridor. We are deeply concerned about the dangers of paving this open space. Opening up the park to motorized vehicles has already disrupted the peace and natural beauty of the park. Paving it would only cause further and permanent damage.

Resolution No. 3274 of City Council in July 2000 as part of the **West Granite Creek Park Master Plan**, established WGCP as a riparian natural area and community park which includes a segment of the car-free Greenways Trail. We demand that our WGCP be restored to its natural splendor for our children and for the generations of children to come.

Sincerely,

Colleen McHorney

Parents for A Car-Free West Granite Creek Park
